## Assignment Codecademy JavaScript Tutorial

For this Assignment, complete the first two sections, Introduction and Functions, of Codecademy's Javascript Tutorial at:

## http://www.codecademy.com/

	INTRODUCTION TO JAVASCRIPT	
	Getting Started with Programming Time to become a coding champ.	
$\bigcirc$	Choose Your Own Adventure! Let's create your very own "choose your own adventure" game.	
	FUNCTIONS	
0	Introduction to Functions in JS This course introduces functions, why we use them, and how to use them. The course also combines functions with other programming concepts previously learned.	
0	Build "Rock, Paper, Scissors" Make use of functions to program this game.	

Figure One Introduction and Functions

Post representative screen shots from the tutorial to your portfolio.

Be prepared for JavaScript questions on Exam 4.
